What’s Next? The Journey Begins with the Decision

The journey of a thousand miles begins with a single step. – Lao-Tzu.

Today, many of us see a better life for ourselves and a better world for our future. We see where we are and where we want to be, but we can’t yet see the path that will get us there. We long to make the journey to our passion and our vision, but the change ahead of us feels overwhelming – even intimidating.

What’s Next can help us take a meaningful next step, or to find direction at a crossroad.

Bruce Rutley has developed What’s Next on his personal journey, and is eager to share its power. What’s Next is built on four time-honoured practices: we **create space**, and from a **quiet mind** you **tell your story** while we practice **reflective listening**. We then talk, share insights, and you decide What’s Next.

The journey begins with the decision. – Bruce Rutley
